San/42-20-1

Government have reason to believe that some misapprehension exists in certain quarters as to the exact position of the Amildar in respect of the work relating to Malnad Improvement. When the scheme was first sanctioned by Government over six years ago, a separate agency was organised to carry out the Malnad Improvement work. This agency was no doubt able to turn out some appreciable amount of work ~~at an enormous cost~~ but, at the same time, it had the effect also of alienating the sympathy of the ordinary Revenue agency which, under ~~our~~ the prevailing system of administration, is accustomed to do all the improvement work itself whether it be in the matter of public health or of improving the material well-being and prosperity of the people. The Amildar stood aloof and so did the Sub-Division Officer. The changes made in G.O.No. G.15401-5/San.96-18-2 dated 8th January 1920 in abolishing the post of Special Revenue Officer and entrusting the task to the Sub Division Officers are ~~doubtless~~ steps in the right direction of interesting the existing local staff & making them responsible in the work of improvement

2. Thus, while the duties and responsibilities of Sub Division Officers in respect of Malnad Improvement work have been fairly well defined recently, no definite orders have been passed so far, in regard to the exact position of the Amildar in respect of such work, although in some of the orders passed a few years ago, the

need for interesting the Amildar in this important work of Malnad Improvement was emphasised and the duty of inspecting Malnad Improvement works costing Rs.500 and less was enjoined on the Amildar concerned.

3. Government therefore consider it necessary to issue clear instructions to remove misapprehensions as to the responsibility of the Amildar in regard to the working of the Malnad Improvement Scheme in the respective Taluks and are accordingly pleased to direct that the Amildar should not be divested of his responsibility in respect of the Malnad Improvement works in his Taluk and that he should work under the Sub Division Officers in regard to this important work just as he does in other matters. The Deputy Commissioners are requested to impress on all Amildars of the Malnad Taluks their responsibility in the matter of carrying out improvements under the Malnad Improvement Scheme in their taluks. They should also be made to understand that their efficiency as Amildars will be gauged by Government as much by the results shown by them in this direction as by the zeal and earnestness evinced in connection with the other duties pertaining to their office as the heads of the

taluks.
